**SUBJECT:** Resolution Authorizing Execution of a Memorandum of Understanding for Law Enforcement Access to the Driver And Vehicle Information Database System between the Florida Department of Highway Safety and Motor Vehicles and Miami-Dade County

---

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the County Mayor or County Mayor's designee to execute the Memorandum of Understanding (MOU) for Law Enforcement Access to the Driver and Vehicle Information Database System (DAVID) between the Florida Department of Highway Safety and Motor Vehicles (DHSMV) and Miami-Dade County, through the Miami-Dade Police Department (MDPD). This MOU will become effective once signed by both the Florida DHSMV and Miami-Dade County and will continue for a period of six (6) years.

## **Scope**

This MOU will provide MDPD with access to the DAVID system for the purpose of carrying out the Department's statutorily-mandated law enforcement functions.

## **Delegation of Authority**

Upon approval by the Board, the County Mayor or County Mayor's designee will have the authority to execute the MOU on behalf of Miami-Dade County, and to execute amendments as may be necessary within the scope and purpose of this MOU, specifically with regard to changes in statutory mandates and/or administrative requirements. Amendments of this type are critical to ensure that the MDPD retains uninterrupted access to this vital information system at all times.

## **Fiscal Impact/Funding Source**

The approval of this MOU will not have a negative fiscal impact to Miami-Dade County.

## **Track Record/Monitor**

This MOU will be monitored by Jose Rivero, Commander of the Information Technology Services Bureau of MDPD, to ensure strict compliance with MOU requirements.

## **Background**

The Florida DHSMV collects and maintains personal information which is stored in DAVID. This database provides vital information such as driver license history, signature, photographs, and other information related to a tag for vehicles or vessels (boats). Based upon the nature of this information, the Florida DHSMV administers DAVID in strict compliance with federal and state statutory requirements, and in turn, requires that same strict compliance of the law enforcement agencies to which it provides access. MDPD must comply with statutory requirements, as well as administrative policies

and procedures, which govern this information. This partnership with the Florida DHSMV and access to DAVID is vital to the daily work of MDPD personnel.

Approval of this proposed resolution will replace Resolution R-554-12, approved by the Board on July 3, 2012. The Florida DHSMV has revised the terms of this MOU such that it clearly specifies the conditions and limitations under which the Florida DHSMV agrees to provide electronic access to DAVID information to law enforcement agencies and specifically MDPD. As a result, a new resolution is necessary to authorize the execution of the revised MOU.

This MOU may be amended by written agreement executed by and between both Parties. Any change, alteration, deletion, or addition to the terms set forth in this MOU, including to any of its attachments, must be by written agreement executed by the Parties in the same manner as this MOU was initially executed. ### DAVID Quarterly Quality Control Review Report

## QUARTERLY QUALITY CONTROL REVIEW REPORT

Point of Contacts (POC) can do the following to satisfy the MOU Quarterly Quality Control Review:

- Compare the DAVID Users by Agency report with the agency user list.
  - Reconcile any differences to ensure state and agency records are consistent.
- Keep a record of any new or inactivated users since the last Quarterly Quality Control Review.
  - Update any users/user information as needed, document the reason for the change in access, and the date the change is made.
- Monitor usage to ensure proper, authorized use and dissemination.
  - Randomly select a sample of users and run an audit report for a period during the quarter. Look for any misuse, including, but not limited to reason codes, running siblings, spouses, ex-spouses, celebrities, and political figures. Look at the times of day the data was accessed, repeated runs of same record, and unexplained access to the Emergency Contact Information.
  - **Please note:** DHSMV highly recommends the agency audit users as frequently as possible to ensure misuse is not occurring.
- Complete the below report and ensure all actions are documented.
